FEVER CASES AT MAXIMUM

SOME IMPROVEMENT IN THE SITUATION

Arrival of the Cuban Yellow Fever Expert The Feature of the Day—The Worst Believed to Have Been Reached.

New Orleans, Aug. 15.—Official report up to 8 p. m.
New cases, 62.
Total cases to date, 180.
Deaths, 6.
Total deaths to date, 172.
The arrival of Dr. John Guitierrez, the Cuban yellow fever expert, and his tour of the seat of the worst infection, was the most interesting feature of the yellow fever situation to day. Dr. Guitierrez came from Havana to make an inspection of the Gulf cities in connection with the Cuban quarantine and to offer his assistance in the campaign in progress here. After visiting various points, Dr. Guitierrez expressed himself as thoroughly pleased with the results of his inspection and expects to see here the universal acceptance of the mosquito theory at the end of the present campaign.

The situation to day again showed an improvement, both as to new cases and deaths, considering the totals of last week and while the marine hospital officials are unwilling to be quoted now, they are known to entertain the most hopeful views. The results achieved to date have met their expectations.

The number of cases last week exceeded the high water mark previously reported for any day by the city board of health, the tide reaching its height Saturday. Since then there has been a decline in maximum, which is taken to mean the city has been so thoroughly fine-combed that the number of hidden cases yet existing is insignificant and with relentless destruction of mosquitoes, that has taken place, new cases must hereafter fall far below the climax of last week.

A serious case of fever which may develop into yellow fever was reported to day from Algiers, near which the naval reservation is located. It is a long distance from the base, which occurred in Algiers over three weeks ago, and the patient, a girl employed within the area of infection on this side of the river.

YACHT RACES.

Chicago, Aug. 15.—Under ideal conditions, the St. Claire, a Detroit yacht, to day captured the second of the series of races for the Lipton cup. Quene Sabe, a Chicago yacht club representative, was second. Mendoza, a Milwaukee yacht, third, and the Hootler, the other Chicago boat, met with an accident and did not finish.

To day's race was over a 12-mile course, windward to leeward, three miles to the leg, twice around. The St. Claire's finishing time was 4:32:45 and the Quene Sabe's 4:39:15. The last race of the series will be sailed to morrow.

RECEIVER APPOINTED

The United States National Bank of St. Louis Now in His Hands.

St. Louis, Aug. 15.—Following the decision of Federal Judge Vandeventer denying an application for injunction to prohibit enforcement of a fraud order by the postal authorities, the directors of the People's United States bank have voted to go into voluntary liquidation. Notwithstanding the decision of the directors to go into voluntary liquidation, Judge McMillen to day granted an application for a receiver for the People's United States bank, on request of Attorney General Hadley of Missouri. The court appointed the receiver, but announced that his name would be temporarily withheld.

DEPOSITORS WERE WARNED.

Buffalo, N. Y., Aug. 15.—The books of the defunct German bank, just produced by a court order for inspection of the creditors' organization, show large accounts were withdrawn by a few depositors on the Saturday preceding the closing of the bank, and on Monday, December 16, the day of the failure, these amounts were from \$5,000 to as high as \$33,000. It has been charged that several of the largest depositors were warned that the bank was to be closed.

STEAMER RESCUED.

Buffalo, N. Y., Aug. 15.—The steamer Idlewild, carrying 200 women and children, tossed about rudderless on Lake Erie for five hours in a high wind which blew all day. When off Windmill Point, the rudder broke away. The Idlewild was brought into port by four tugs, which were summoned by persons on shore, who saw her distress. The officers preserved order among the passengers, none of whom were injured.

COAL LINES AT FAULT

Complaint is Made Against Them and an Investigation will be Had.

Washington, Aug. 15.—The interstate commerce commission, on its own initiative and as a result of complaints against private coal lines, to day unexpectedly began an investigation of the relations between railroads and refrigerator lines by which its charges noted to regulate interstate commerce and that the law is being violated in several particulars as specified in the complaint set forth by the commission. The investigation is directed against the Armour car line, Armour Refrigerator Transportation company, Santa Fe Refrigerator Despatch, and the following railroads: St. Louis & San Francisco, Atchison, Topeka & Santa Fe, St. Louis, Iron Mountain & Southern, Central of Georgia, Southern, Atlantic Coast Line, Seaboard Air Line, Pennsylvania, Southern Pacific and the Kansas City Southern.

THE TAFT PARTY.

Manila, Aug. 15.—Halleo tendered General Taft and party a magnificent reception to day. The transport Logan will sail to morrow for Batavia, the capital of the island of Negros.

The dowager empress of China has inquired through the Chinese consul here, desiring to know if Miss Roosevelt will visit Peking.

HAS YELLOW FEVER.

Lafayette, Ind., Aug. 15.—Mrs. Fred Shreve of Waterford, this county, who recently returned from the south, was to day reported fatally ill with a disease, which physicians diagnose as yellow fever.

WANT LAW CHANGED

Cattlemen Confer with Secretary Wilson as to Transportation of Cattle

Chicago, Aug. 15.—Secretary of Agriculture Wilson held a conference to day with about fifty cattlemen at the stock yards exchange, on the subject of livestock transportation. The cattlemen made it plain that they were opposed to the law which requires shippers to feed and fast cattle every twenty-eight hours on the journey east. They wanted it extended to thirty-six hours. The ranchmen argued that it distresses cattle more and does them more harm to take them from cars every twenty-four hours, providing them with poles and baling them against the sides of doors and cattle pen chutes than it does to allow them to remain in a car for a day and a half.

Secretary Wilson told the stockmen he could not change the law, but he agreed to modify the order, which now limits the number of cattle in cars when they are fed en route.

The railroads also contend that unloading every thirty-six hours is often enough. The government, at the instigation of the secretary, has filed 1,200 suits against railroads for violation of the statutes and the railroads are anxious to have the whole matter settled on condition that they live up to the law in the future. He will give an answer to the committee to morrow.

STORM DAMAGE.

Cincinnati, Ohio, Aug. 15.—Reports received here to day indicate the storm of yesterday and last night caused a damage estimated at several hundred thousand dollars in southwestern Ohio, and a less serious loss in other parts of the state. Kentucky and Indiana, many people in these sections being struck by lightning and more or less seriously injured.

WILL BE HANGED.

Ottawa, Ont., Aug. 15.—Charles King, an American, will be hanged at Edmonton, Aug. 21. King was convicted of murdering an English prospector named Hayward at Lesser Slave, N. W. T., last fall. He was tried twice. The Dominion government had the case under review and to day decided not to interfere. King came from one of the Dakotas.

PROPOSED RAILROAD.

Topeka, Kan., Aug. 15.—Application was made here to day for a charter for a railroad to connect the Harriman railroads in the northwestern part of the United States with the Harriman lines running to New Orleans and through southern states. The new railroad will run through the Kansas wheat belt. The capital stock is \$2,000,000.

TEAMSTERS ADJOURN.

Philadelphia, Pa., Aug. 15.—With the installation of new officers to day the teamsters' convention adjourned to meet in Chicago the second week in August of next year. President Shea was presented with a loving cup by his friends in the convention.

RACE FOR CANADIAN CUP.

Charlotte, N. C., Aug. 15.—The Canadian yacht Tanager to day won the third contest for the Canadian cup over a triangular course of eighteen miles. The wind was due east, ranging from twelve to twenty-two miles per hour.

ARTICLE FIVE NOT DISCUSSED

THE PEACE ENVOYS SKIP THIS POINT

Cession of Sakhalin to be Con- sidered Later—Two Other Ar- ticles are Agreed to—Russian Opinion and Views.

Portsmouth, N. H., Aug. 15.—At 1:30 p. m., M. Albert, second secretary of the Russian embassy at Washington, made the following official statement on behalf of the peace envoys:
In the morning of August 15th the conference, the plenipotentiaries of the four and five, Article four was unanimously agreed upon. Not being able to reach a unanimous decision on article five, the plenipotentiaries have decided to take up the discussion of views and to proceed with the discussion of the other articles.

It is reported that the Russians have accepted in principle the demand of the Japanese for the cession of the Chinese Eastern railway, but that there are a number of controversial points upon which reservations have been made and which will have to be discussed later before a final agreement can be reached.

Postponement of the discussion of one of the two points on which the fate of the conference hangs is considered a good sign but not a sure one, and the general opinion remains one of doubt, though pessimism is losing ground as the days pass without a rupture between the envoys. The idea is advanced at several embassies that an outlet may possibly be found in a compromise on the two main points of dispute, if Japan is willing to give up Sakhalin and receive from Russia not a general war indemnity, but the payment for any rights that may be acquired by virtue of occupation by Japanese troops.

The official statement of this afternoon's peace session simply declares that article six was discussed and accepted, and that to morrow the plenipotentiaries will take up article seven.

The crisis in the peace negotiations is approaching rapidly and the end of this week or the first of next at the latest should witness a deadlock and the end, if the conference is to go to pieces. Two more of the twelve articles—four and six—were disposed of to day. Article four consists of mutual pledges to observe the integrity of China and the policy of an "open door" for the commerce of all nations.

Article six covers the surrender of Russian leases to the Liaotung peninsula, Port Arthur, Dalny and Blomberg and Elliott islands.

To article four both parties agreed unanimously. Article five, consideration of which was postponed until later, provides for cession of Sakhalin. Discussion appearing useless at this stage on account of the firm negative given in the Russian reply to a declaration of intention of the Japanese to defer its declaration, thus revealing the Japanese intention of postponing to the end the life and death struggle.

The fact that the Russians acquiesced in the proposition shows that they, too, are as careful and as anxious as the Japanese that the world should not accuse them of being responsible for precipitating the break in the thread of peace, and breaking the conference. This in itself is a hopeful sign. To the closest observers the final solution begins to crystallize quite naturally—the Russians yielding the cession of Sakhalin, Japan forgiving the "cost of war," but taking compensation in money to be refunded to Japan by China on account of the transfer to her of the Chinese Eastern railroad, which Russia contends belongs to a private corporation, therefore unconfiscable by Japan. Russian government property in Port Arthur and Dalny, and remuneration for the maintenance of the 100,000 Russian prisoners in Japan. Some question has arisen about the five articles already adopted and the following resume can be accepted as absolutely accurate:

1. Recognition of Japan's "preponderating influence" in Korea, etc.
2. Mutual obligation to evacuate Manchuria, Russia to retrocede to China all special privileges, etc.
3. Japanese obligation to restore sovereignty and administration of China in Manchuria.
4. Mutual obligations to respect territorial and administrative integrity of China and the principle of the "open door."
5. Surrender of Russian leases to Liaotung peninsula, including Port Arthur, Dalny and Blomberg and Elliott islands.

The remaining seven articles (not given in numerical order) are: Cession of Sakhalin, reimbursement for cost of the war; cession to China of the Chinese Eastern railroad; the article relating to that portion of the main line of the Siberian railroad, running through northern Manchuria, which includes provision for policing the road by China and not by Russia; fishing rights on the Siberian coast north of Vladivostok to the Bering sea; the article affecting Russia's naval power in the far east, and that providing for surrender of Russian warships interned in the far eastern waters. To all of these Russia

has more or less objection. Besides indemnity and Sakhalin, Witte will strenuously oppose the surrender of interned warships, limitation upon Russia's naval power and the cession of the Chinese Eastern railroad to China.

The only far in the conference to day occurred at the morning session, when a rather spirited controversy occurred over the question of publicity of the proceedings. Each side manifested a disposition to charge the other with being responsible for the "leakage" and it was settled by renewed pledges to observe the strictest secrecy, henceforth regarding the proceedings.

The discussion on Sakhalin went far enough to demonstrate the determined opposition of Russia to its cession and there had not been the slightest sign of yielding when the agreement was reached to reserve the decision on the article until later. A competent Japanese authority, however, still insists Japan will never abandon this point. They declare, however, that Komura and Takahira will go to the extreme limit to secure the basis of the "treaty of Washington." They do not pretend to say that they are assured the treaty will be signed. They do not even say to night that they are hopeful.

RUSSIANS SURPRISED.

St. Petersburg, Aug. 15.—The Associated Press dispatches, announcing the decision of the plenipotentiaries at Portsmouth to waive for the present consideration of the article relating to Sakhalin island and to proceed with discussion of points that Russia is willing to accept on a basis of negotiations, were received here with some surprise and even relief by the Russian public generally, which had been forewarned that yesterday's (Tuesday) session might end the conference. Witte is known to have considered a rupture more than possible. Russian correspondents Monday night privately notified their papers that the negotiations might be expected to end on the morrow when the Russian and Japanese plenipotentiaries looked horizon the cession of Sakhalin.

KILLED IN LANDSLIDE

Ten Indians Perish in Slight of a Trainfall of People in Canada.

Victoria, B. C., Aug. 15.—A special train of Spencer's Bridge, B. C., says ten Indians were buried alive by a landslide half a mile west of there Sunday just as a Canadian Pacific express, east-bound, was passing the spot. The passengers were horrified at the sight of a large portion of the mountain on the north side of Thompson river slipping down to the stream. Directly in the path of the landslide was an Indian reservation, peopled with fifty or sixty Indians. Before the eyes of hundreds of passengers the victims were suddenly overwhelmed. Earth and stones dammed the river bed forty feet high and a quarter of a mile wide. On arrival of the train a relief party was formed. A few of the bodies, shockingly mangled, were found on the edge of the landslide, but most of the victims were buried forty feet deep. It is estimated about ten are dead.

FRAUDULENT VOTERS.

Philadelphia, Pa., Aug. 15.—According to a statement made to day by the directors of the department of public safety, based on a canvass made by the police, there are 60,000 names on voting lists of this city, which under the law have no right to be thereon. Assessors in all voting divisions of the city will be asked to strike the alleged fraudulent names from the lists.

FELL FROM WINDOW

Former Treasurer of a Kansas City Trust Comp. by Fatally Injured.

Kansas City, Mo., Aug. 15.—Herbert Mills, formerly treasurer of the Jarvis Conklin Mortgage and Trust company of this city, was found to day lying on the sidewalk in front of Bethany hospital in Kansas City, Kan., where he was an inmate and died two hours later. His skull had been crushed. He either jumped or fell through a window on the second floor. Mills' home had recently been in Burlington, Iowa. His widow and two children live at Quincy, Ill.

FIRE LOSSES.

Bakersfield, Cal., Aug. 15.—Fire to day in the heart of the business section of the city destroyed ten buildings, including Scribner's theatre.

TO LOOK UP EVIDENCE.

Jefferson City, Mo., Aug. 15.—Attorney General H. S. Hadley and Frank Blake, one of his assistants, will leave to morrow for Cleveland, Ohio, and thence to New York to look up evidence against the Standard Oil company. Hadley will seek not only to impose heavy fines upon the company, but to oust it from its franchise as a corporation in Missouri and to permanently withdraw its privilege to do business in this state.

MYSTERY NEAR SOLUTION

THE BATES MURDER CASE REVIVED.

Chicago Police Believe They Have the Long Sought "Mr. Dove" in the Arrest of G. S. Marsh Tuesday.

Brocton, Mass., Aug. 15.—George L. Marsh was arrested at his home here this afternoon at the request of the Chicago police, in connection with the murder of William Bates.

Chicago, Aug. 15.—Warrants have been issued charging George Lawrence, alias Bennett Marsh, formerly employed at chauffeur for various Chicagoans, with killing William Bates, a young chauffeur, who was murdered in a lonely spot near Lamotte last November. Chief of Police Collins is confident he has identified the mysterious "Mr. Dove" and will send officers to Brocton, Mass., where Marsh lives. The latter is said to be in the last stages of consumption.

Chicago, Aug. 15.—After he had heard of the statement of Jay Morton, a former employer of George Lawrence, who was arrested in Brocton, Mass., to day on suspicion as the mysterious "Mr. Dove" who killed chauffeur Bates here nearly a year ago, Chief of Police Collins to night expressed a lack of faith in the theory that Lawrence, or Marsh, is the murderer. The statement of Morton to the effect that Lawrence known to him as Marsh, was employed by him steadily from Nov. 2 until Dec. 27, is substantiated by records showing the suspected man's movements, and tends to establish an alibi for Lawrence.

MONUMENT UNVEILED.

Quebec, Canada, Aug. 15.—Twenty thousand citizens of Quebec to day witnessed the unveiling of a monument to Quebec soldiers who lost their lives in the South African war. Earl Grey unveiled the monument.

DIES AT FEET OF LOVER.

Mt. Vernon, Ohio, Aug. 15.—Dora McBroom, aged 14, a daughter of Rev. and Mrs. McBroom, shot herself through the right breast this morning because her parents objected to her marrying David Collo, a young farmer. The girl will probably die.

Collo had been informed that he must cease his affection for Miss McBroom to get the ring which he had given her. Miss McBroom went to an upstairs room, got the ring and at the same time a revolver, which she hid in the folds of her dress. Returning down stairs, she handed the ring to her lover and then, turning around, placed the revolver against her breast and fired. The girl fell at the feet of her lover.

A SOCIAL REVOLUTION

Mrs. Bodine's Views on Existing Industrial and Social Conditions.

Detroit, Mich., Aug. 15.—The speech of Mrs. Bodine, superintendent of compulsory education in Chicago, created a sensation among the delegates to the convention of factory inspectors and sociologists to day. The speaker produced general statistics covering the past twenty years, showing that industrial competition of women children and machine labor was driving men out of the large cities to the fields of heavy manual labor in mining and agriculture. She declared women was destined to be the ruling race in industrialism. "Discussing society she declared that if conditions continue as they are to day, within a decade the question of neglected children of the rich will become as great a social problem as that of neglected children of the poor."

FOR RECIPROCITY.

Chicago, Aug. 15.—Leaders of the delegations to the reciprocity convention arriving in the city met at the Auditorium Annex to night and were in session until a late hour, discussing plans for the conference this week. It developed that there is likely to be an overruling of opinion as to tariff revision in connection with specific products, but it is the aim of those who have been the prime movers in arranging for the gathering to hold aloof from any formal expression along that line.

BASEBALL NEWS.

Cincinnati, Aug. 15.—The National baseball commission to day disposed of, among others, the case of Howard C. Griffith, of Jersey City, who was summarily removed from membership in the national board of the National association. He was charged by President Johnson of the American league, with having attempted to break the national agreement and endeavoring to array the minor leagues against the National association and league unless certain concessions were granted the minor leagues.

BISHOP MAES NAMED

Is Spoken of as a Probable Suc- cessor of Archbishop Chappelle.

The Movement in Chinese Cities Not Altogether Successful and Has no Serious Aspect—Pa- cific Coast Celestials to Aid.

Cincinnati, Aug. 15.—The impression is very strong in ecclesiastical circles that Right Rev. Camillus Paul Maes, bishop of Covington, Ky., will be one of the prominent factors in the selection of an archbishop for New Orleans to succeed the late Archbishop Chappelle. At the time of the death of Archbishop Jannetons, who was the predecessor of Archbishop Chappelle, Bishop Maes was the first named candidate for the position, but asked to be relieved because of the new cathedral which he had just begun to build in Covington.

As secretary of the board of trustees of the Catholic university at Washington, Bishop Maes has come into great prominence in the American hierarchy and at the time of the selection of a coadjutor for Cincinnati he headed the list with Bishop Mollers. He is regarded as one of the foremost churchmen in this country, and being a Belgian by birth and a good French scholar, he is regarded as peculiarly adapted for the archbishopric of the southern metropolis.

WAR NEWS.

Field Headquarters, Japanese Army, in Manchuria, Aug. 15.—A Japanese reconnoitering force along the line of the railway on the Kirin road, from Changtun, drove in the Russian outposts. On Saturday eleven Russians were killed and ten captured in a counter reconnoissance in the region of Konyon. The Russians were driven back by the Japanese outposts.

Tokio, Aug. 15.—Admiral Kataoka reports a detachment of his squadron attacked the Russian guarding the Liaozon, a point in the Maritime states, on Aug. 13. When the marines landed they were exposed to a sudden attack from Russians, who were hiding in the forest. The Japanese lost one killed and four wounded. The Russians were finally dispersed.

A Japanese torpedo boat destroyer operating on the east coast of Sakhalin island, attacked a party of Russians who were holding the telegraph office at Ralora, on the morning of the 13th and captured eighteen men and the telegraph apparatus.

GOLF TOURNAMENT.

Chicago, Aug. 15.—The annual open golf tournament at Exmoor opened to day with eighty-four golfers from out of town and local clubs participating. National Champion H. Chandler Egan, Bruce Smith, of Owensville, and Frank C. Newton, of Seattle, tied for first place in the qualifying round with a score of 162 for the thirty-six holes.

THE I. T. U.

Toronto, Canada, Aug. 15.—President Mills, of the United Typothetae, appeared before the committee appointed by the International Typographical union to consider the eight hour day movement. Mills said emphatically that the employers would not consent to an eight hour day. If there is to be a strike in January to carry that point, he said, let it come. The houses will be prepared for it. The committee will report Thursday.

A committee was appointed to investigate the plan to pension old or disabled members. A sick benefit is also proposed. Compulsory life insurance was one of the subjects discussed at the afternoon session. The women's auxiliary discussed the question of assessments to day.

ELECTROTYPERS UNION.

Chicago, Aug. 15.—Instead of breaking away from the International Typographical union and abrogating the agreement by which both organizations contribute to a joint defense fund, as proposed by a faction of the International Stereotypers and Electrotypers union, now in convention here, it is now planned not only to maintain the present agreement with the International Typographical union, but also to erect a similar pact with the pressmen, bookbinders and photo-engravers. Under this new plan, if one organization on a strike calls out one or all the others the expense is met from a general fund instead of the striking organization being compelled to pay the expenses of a sister organization called out. The matter will be threshed out to morrow.

THE VICE PRESIDENT.

Burlington, Vt., Aug. 15.—Vice President Fairbanks arrived in this city from Ellsworth, Me., this afternoon. He will participate in the dedication of the memorial tower to Ethan Allen on the old Allen farm to morrow.

DESPERATE WORKMEN.

Seville, Spain, Aug. 15.—A commission of landed proprietors and farmers have laid before the authorities the conditions prevailing in and about Osguna in Andalusia. They estimate there are 5,000 workmen armed with rifles roaming about the country. Jails are crowded with persons who have committed no offense, but who have given themselves up to the police on pretense of having committed crime in order to procure shelter and food.

THE CHINESE BOYCOTT

STATE DEPARTMENT KEPT ADVISED

The Movement in Chinese Cities Not Altogether Successful and Has no Serious Aspect—Pa- cific Coast Celestials to Aid.

Washington, Aug. 15.—Advice from China show Shanghai is the only place where the boycott against American goods has assumed anything like a serious aspect. At Canton the movement has made some headway, but at other points it has not been successful. This information was supplied in response to instructions sent some days ago to Minister Rockhill and other consular officers in China to keep the state department advised as to the progress of the boycott. One dispatch on this subject received to day was not made public at the state department, but was sent to the president at Oyster Bay.

Portland, Ore., Aug. 15.—The Telegram to day says: "Ten thousand dollars will be raised by the Chinese of Portland to aid in the boycott in China against American goods. Two meetings of the local colony have been held at which it was decided that each Chinaman in Portland should contribute at least \$2 to carry on the campaign. The movement was instituted by a secret organization of San Francisco."

San Francisco, Aug. 15.—J. W. Davidson, acting consul general at Shanghai who arrived from the orient to day, says the cause of the Chinese boycott is disconcerting treatment which the sons of influential Chinese officials have received at the hands of immigration officials on landing at San Francisco. Davidson thought the fact that orders had already been placed for six months ahead for delivery of American goods would prevent the boycott from being successful, but he admitted that a popular anti-foreign feeling might be aroused which would carry the fight beyond control and result in serious consequences.

"The purposes of the boycott," he says, "has never been to secure the admission of coolies, but to gain a proper treatment of the exempt classes."

DOMESTIC TRAGEDY

Woman and Accomplice Arrested for Alleged Poisoning of Husband.

Pratt, Kans., Aug. 15.—Mrs. Harvey McPherson Null, charged with murder in the first degree, in having, it is alleged, poisoned her husband, a well to do farmer, and H. C. Kelley, a farm hand, charged with aiding and abetting her in the crime, have been arrested here. Mrs. Null was released on bond, Kelley was unable to furnish bond and was remanded to jail. The warrants were issued following the report of the coroner's jury. Null died suddenly Aug. 6th, after eating supper cooked by his wife. His stomach, when analyzed, was found to contain twenty-four grains of arsenic.

RAILROAD NEWS NOTES

**Burlington May Abandon Out-
fit Proposition—Delay on
Alton Air Line—Items of In-
terest—Personal Mention—
Shop Notes.**

It appears as if the Burlington had
given up their plan of making a cut
off south of this city as an iron bridge
about 40 feet long has arrived at the
stock yards to be used in replacing
their present bridge over the Maun-
sater creek. One or more persons
through whose places the track will go
want round good prices for their
land and the railroad company has re-
fused to consider the proposition and
as a result the work is at a stand-
still.

George H. Bremner, chief engineer
of the Illinois district of the Burling-
ton, passed through the city Tuesday
afternoon enroute to Central in his
private car attached to train No. 48.
He will be brought back as far as
Keysport to day on train No. 47.

Thomas Roneh, who has been em-
ployed on the Wabash section gang in
this city for some time, injured his
right hand recently and the bruise
was followed by a fall on the second
finger. He departed for the company
hospital in Decatur Tuesday after-
noon.

Passenger train No. 9 on the Wa-
bash carried two extra sleepers Tues-
day from Decatur to Kansas City on
account of the regular weekly ex-
cursion to points in the west.

T. M. Strain, master carpenter of
the Wabash, was a visitor in the city
Tuesday.

T. H. Anderson, superintendent of
the water system of the Wabash, was
in the city Tuesday on company busi-
ness.

Adam Forepaugh & Sells Bros.,
billing car No. 3 was brought in from
the south on the Burlington train No.
47 Tuesday and was transferred to the
Wabash.

Messrs. Hayward and Gardner, re-
presenting the Jamison Electric Co.,
are in the city for the purpose of in-
stalling electric train annunciators for
the Alton in the Pacific hotel, post-
office and one in each of the waiting
rooms of the passenger station. The
annunciator is contained in a box about
one foot square and is operated by
the telegraph operator at the passen-
ger station. After each train goes
through the operator touches a but-
ton, with the result that the number
and leaving time of the next train
is announced by means of a needle on
the dial of the annunciator. These
annunciators are used by the Alton in
all the important cities on their
route, including Bloomington
and Springfield and are a con-
venience, as they save the ticket agent
from answering telephone and win-
dow calls in reference to the leaving
time of the next train.

The Alton officials are not alto-
gether pleased with the delay in the
progress of the work on the new air
line between Springfield and Murray-
ville. The contractors are doing their
part and the grading is proceeding
satisfactorily. The supplies are also
getting upon the ground in good
shape, but there is trouble about the
right of way in some places. The
railway and warehouse commissioners
will shortly give the Alton and Bur-
lington a hearing concerning the
crossing of the latter road by the air
line. The Burlington owns the J. &
St. L., which extends from Jackson-
ville to Girard. The Alton officials
planned an overhead crossing of the
Burlington, but it seems that some
objection has been made and it will
now be necessary to secure an order
from the state board. It was also
hoped to secure what right of way
was necessary without a court pro-
ceeding, but these are necessary and
will delay the work that much.

SHOP NOTES

Jack DeSilva, of the carpenter
gang, laid off Tuesday.

Frank Shagan has taken a place in

gang, is working in East St. Louis for
a week.

CONSUMPTION THREATENED.
C. Unger, 211 Maple street, Cham-
paign, Ill., writes: "I was troubled
with a hacking cough for a year and
I thought I had consumption. I
tried a great many remedies and
was under the care of physicians for
several months. I used one bottle of
Foley's Honey and Tar. It cured me
and I have not been troubled since."
Sold by J. A. Obermeyer, City drug
store.

CHAPIN.

Rev. Cooper Long, of Burlington,
is home on his vacation and assisted
in the service at the Christian church
Sunday. He will preach at the
church next Sunday evening, Aug. 19.

Rev. W. H. Cannon and wife, of
Lincoln, Ill., came down Saturday.
Mr. Cannon preached at the Chris-
tian church morning and evening.
They were entertained by W. Wood-
ward and family.

Rev. G. W. Bradley, pastor of the
M. E. church, has resigned and sold
his household goods at public sale
last Saturday. He will leave in a
few days for Philadelphia, Pa., where
his wife preceded him some two weeks
ago.

Mrs. Davis, son, and daughter, of
Onaugh, Ill., are visiting Mrs. Ruth
Standage this week.

Mrs. M. E. Reed, of Mt. Sterling,
moved into her new house, Monday
recently bought of T. H. Stone, in
Onion's first addition to Chapin.

W. O. Fleming, the real estate man
from Oklahoma, left Tuesday for
Blackwell, Oklahoma, with quite a
crowd for the purpose of locating all
who may feel so inclined.

Clarence Smith has associated him-
self with Frank Smith in the new
barber shop just north of the bank.
Mr. Lillard has secured a barber
from Quincy to assist him at the old
stand of Smith & Lillard.

Miss Carrie Johnson, of Chapin,
and her sister, Mrs. Della Roberts,
of Lynville, left one day last week
for an extended trip to San Francis-
co, Cal., and other western points.

Ye writer received a letter recent-
ly from our old friend, George Reed,
who is in North Dakota, where he
wants to visit his brother, John, and
reports everything looking fine and
enjoying himself fine. Says he found
John just commencing to harvest
his 300 acres of small grain, consist-
ing of flax, wheat and oats.

J. E. Woodward, of Springfield,

**Hello Girls Must Wear U. S. -
Uniform—First Lot of \$2,500—
Color Line Drawn at Carroll-
ton—Abandon Babe.**

UNIFORMS FOR "HELLO GIRLS."
Springfield—The Central Union Tele-
phone company has given orders for the
operators in the employ of the company
to provide themselves with uniforms
consisting of black dresses and white
collars to be worn while on duty. The
order will go into effect Nov. 1, it is said.
The order is meeting with disfavor
among the "hello girls," who object to
wearing the uniforms and to what they
consider the added expense necessitated
by the operators purchasing their own
garments.

Such an order it was said, was to go
into effect a little over a year ago, but
such opposition was met with from the
girls that the idea was abandoned.

THE LOWEST LIGHT BID.
Springfield—William L. French, a sta-
tionary engineer, submitted a bid to the
city council to night to light the city
for \$50 per lamp a year. French asks
for a ten year franchise to do commercial
lighting. The three bids, two of which
were heretofore received, were referred
to the special lighting committee.

The bid by French is practically the
same as that of the Springfield Light,
Heat and Power Co. and Home Electric
Co. of Rock Island. That of the former
was \$55 per lamp and the Rock Island
company's bid was \$62.50.

French agrees to furnish all city build-
ings and the library free light and asks
the right to use the city plant and ex-
tensions.

THE COLOR LINE.
Carrollton—The appearance of an Afri-
can from Alton in the force of men
erecting the new National Bank building
last week caused a little rebellion among
the white laborers. The African is an
expert mortar mixer. After consider-
able discussion between Contractor Moore
and the whites and an increase of wages
all went serenely until last Monday
when five more Africans arrived and took
the places of the whites who were dis-
charged because, Mr. Moore claims
they did not understand the work. Mon-
day night a crowd of whites gathered at
the home of John McGee, where the Afri-
cans board and fired rocks into the house
which caused consternation among the
Africans. Tuesday McGee swore out war-
rants for the leaders and all is quiet
again. The leaders have fled to other
territory and in the meantime the brick
work on the new building is going rapidly
on.

HANGED HIMSELF.
Carlyle—Martin Brundt, a well known
farmer, who resided ten miles northwest
of Carlyle, disappeared from home, and
when he had not returned at night, the
family began a search for him. He was
finally found suspended from a rafters
in his granary. He had placed a rope
around his neck while standing on a flour
barrel, afterward kicking the barrel over.
Life was extinct. He was 55 years old
and in good health and circumstances,
having recently paid for his farm in full.
He left a letter stating that a neighbor
had wronged him in a land transaction.

ABANDONED BABE.
Kankakee—Mr. and Mrs. Charles Bou-
rassa, of St. John, N. D., are sought by
local officers for abandoning their six
weeks old child. The couple were here
visiting friends and left Saturday night for
Chicago. Early Monday morning their
child was found lying in a clump of weeds
a short distance from the home of a rela-
tive, where they were staying. Local
officers took up the case, but thus far
have been unable to locate the fleeing
couple. Bourassa, when he arrived here,
said he was a business man in South Da-
kota, but was compelled to return owing
to ill health. The child is being cared
for by relatives.

MILINERY FIRE LOSS \$2,500.
Robinson—The Stevens sisters' millinery
stock was burned Monday. The loss from
fire and water is estimated at \$2,500, par-
tially covered by insurance. The build-
ing was only slightly damaged.

MEN PAST SIXTY IN DANGER.
More than half of mankind over
sixty years of age suffer from kidney
and bladder disorders, usually en-
largement of prostate glands. This
is both painful and dangerous, and
Foley's Kidney Cure should be taken
at the first sign of danger, as it cor-
rects irregularities and has cured
many old men of this disease. Mr.
Rodney Burnett, Rock Port, Mo.,
writes: "I suffered with enlarged
prostate gland and kidney trouble
for years and after taking two bottles
of Foley's Kidney Cure I feel better
than I have for twenty years, al-
though I am now 91 years old." Sold
by J. A. Obermeyer, City drug store.

SOFTNESS OF SEALSKIN.

Is rivaled by human hair, which
dandruff is eradicated.
Sealskin is known all the world over for
its softness and pliability, and yet the
human hair is equally as soft and glossy
when healthy; and the radical cause of all
hair trouble is dandruff, which is caused
by a pestiferous parasite that saps the
vitality of the hair at its root. Newbore's
dandruff cure is the only preparation that is
fatal to the dandruff germ. Without dan-
druff there is no falling hair, but a lux-
uriant growth of glossy, soft hair is cer-
tain. Scouring the scalp won't cure dan-
druff. Kill the dandruff germ. Thoma-
sian hair cream is the only beautiful hair
preparation for Newbore's Heracleide. Sold by
leading druggists. Send 10c in stamps
to The Heracleide Co., Detroit, Mich.

STRANGE STATISTICS

**Iowa Needs Women—Strange—
Sex Much in the Majority—
Influx of Maiden Ladies Ex-
pected.**

Sioux City, Iowa, Aug. 14.—Iowa prom-
ises to become the mecca for women
since Director Davidson of the state
census bureau has just announced that
there are 40,000 more men than women
in the state and is contrary to the prevail-
ing rule in most states and world at large.
From time immemorial it has been said that
spinsterhood was inevitable for many
women owing to this disparity in the
number of the sex. But in Iowa with full
returns from sixty-two counties Mar-
shall has computed that there is room to
accommodate 40,000 more women in Iowa
and provide them with suitable help-
ing hands.

New England according to the national
census figures, has but 48 men to every
100 women. It is anticipated that there
will be a general exodus to this state
when the census figures are given pub-
licly. If they are capable of teaching
they can find employment in this voca-
tion while awaiting proposals of mar-
riage. There is an unparalleled dearth
of schoolmarm in Iowa, and 162 schools
have been compelled to close on account
of their inability to obtain instructors.
It is believed that the census figures com-
piled by the director accounts for this
shortage in teachers.

Out of the sixty-two counties whose
census have been computed but two show
more men than women, than men.
These are Floyd and Des Moines. What
comes have been seen in either county to
induce them to bestow their presence
more generously is not revealed in the
hard, cold and sometimes brutal census
figures. But the disproportion is not at
all alarming in either county, as in Des
Moines there are but thirty-six more fe-
males than males and in Floyd
but forty-two.

Appanoose, Sioux, and Kosciusko coun-
ties may prepare for an influx of spinsters
as soon as the facts become more gener-
ally known than they are at these figures.
In Appanoose 1,224, and in Kos-
ciusko 559. The entire census taking bureau
has marvelled greatly at these figures.
Eight counties is practically in the same
class, with 90 more men than women:
Marshall has 80 more and Harrison, Lyon
and Crawford counties each have 700
more. Audubon, Buena Vista, Emmett,
Way, Hamilton, O'Brien and Pacheco coun-
ties have 600 more. Dallas, Crawford,
Ida, Montgomery, Ringgold, and Sac each
have 500 surplus men. It is noteworthy
that the rural districts show the great-
est disparity and that in the cities the wo-
men outnumber the men. Thus it appears
that women dislike farm life.

What Have You Done?

You are going to do great things, you
say.
But what have you done?
You are going to win in a splendid way,
say others have won.
You have planned, that when they are put
in force.
Will make you sublime.
You are married out a glorious upward
course.
But why don't you climb?

You're not quite ready to buy, you say.
If you hope to win.
The time to be starting is now to-day.
Don't dally, begin.
No man has ever been ready as yet.
Nor ever will be.
You may fall ere you reach where your

VISITED MR. STIGALL

M. J. Clerihan and James Whalen,
of this city, visited at the home of
James S. Stigall in Virginia, of
this city, and found Mr. Stigall rest-
ing very comfortable. The injury to
Mr. Stigall's foot is not as serious
as first reported. The injury was
caused by a slanting blow of an ax in
his own hands while chopping wood six
miles east of Virginia. The doctor
expects to save the foot except the
outside (one which was removed). But
it will be months before Mr. Stigall
will be able to use his foot. In ad-
dition to this trouble Mr. Stigall is
crushed on account of the sad death
of his son, John H. Stigall, who was
killed in a wreck at Lewis, Kansas,
while on his way home on the Santa
Fe railroad, as reported in the Jour-
nal of Tuesday. James S. Stigall
was a mess mate of M. J. Clerihan
in the civil war and a strong com-
rade attachment still exists between
them.

COHEN'S LIFE IN JAIL.

Jacob Cohen, although he is now
locked up in the Sangamon county
jail, still declares that he has no
money. He has not made friends
with the other prisoners, and while
the services were going on in the jail
Sunday, he occupied a bench a short
distance from the others and refused
to sing or take part in the services.
He has not been compelled to partake
of the regular prison food, as his
friends have contracted with a restau-
rant to have his meals brought to
him. He is locked up at 5 o'clock
every evening and is obliged to re-
main in his cell until 7 o'clock the
next morning. He has entered no com-
plaints to the jail attendants and
never discusses his case.

Domestic Science. These scholar-
ships are good for two years' instruc-
tion and all studies of the university
as well as those of the college of Ag-
riculture are open to the student ad-
mitted in this way the same as to
any other university student.

The awards for the counties com-
posing the 20th congressional dis-
trict will be made by the director for
the district, Mr. A. P. Grout, Win-
chester, Ill., to whom applications
for recommendation should be made.

All scholarships will date from Sep-
tember of each year. County Farmers
Institute officers, the local press
and the friends of agriculture gen-

Baron Komura is little—but Oyma—Chicago Tribune.

The oldest Mason in Illinois is dead. This time he lived at Aurora.

The proposition was submitted by a strenuous man, consequently the gain of the peace commissioners is of the strenuous order.

We hope the precautions taken by Health Officer Egan will be of such a strenuous character that the shotgun quarantine will not invade Illinois.

The optimism of Chairman Shonts is refreshing after the furore raised by Wallace. The chairman has mapped out a plan that will build the canal in five years and in the meantime the yellow fever pest is to be eradicated and the isthmus transformed into a health resort. So mote it be.

King Edward receives daily no fewer than 3,000 newspapers and 1,000 letters, while the czar and the German emperor receive each from 400 to 700 letters and appeals. The king of Italy is troubled by about 500 and Queen Wilhelmina from 100 to 150. All these, however, are put in the shade by the pope, who holds first place with 22,000 to 23,000 letters every day.

CONTROL OF CORPORATIONS.

In his last message President Roosevelt called special attention to the report of the chief of the bureau of corporations and earnestly asked congress to consider carefully his recommendations. One of the striking features of Commissioner Garfield's report was the suggestion that corporations engaged in interstate commerce be required to take out federal licenses, revocable in the event of any violation by them of the anti-trust law, says the Chicago Tribune.

Congress did not pay special attention to the suggestion. Its soundness was questioned in some quarters and it found no warm supporters. It has one in the president and probably he will again call the attention of congress to the subject. In his address at Chautauqua last week in which he set forth the need of more effective control of the great industrial corporations, he said, "it may be that we shall find the only effective way of exercising this supervision" is to require corporations engaged in interstate commerce to produce proof satisfactory to the department of commerce that they are not violating the anti-trust law and to require the corporations to agree, with a penalty of forfeiture of their right to engage in interstate commerce, to furnish any evidence of any kind as to their trade between the states when called on to do so.

The supreme court held in a suit brought against the sugar trust that it was not engaged in interstate commerce. Many having that decision in mind have doubted the power of congress to legislate concerning the great industrial corporations in the manner proposed by Mr. Garfield. Others, nervous on the subject of centralization, saw in the project an attempt to secure a dangerous power over industry and trade for the national government. For these and other reasons the views of Commissioner Garfield did not meet a warm welcome. Of late little has been said of them.

President Roosevelt says that he does not believe in hasty action. He says it may be enough at present to deal with the abuses of railway transportation. It is certainly better to deal with one thing at a time and to provide first for the effective regulation of corporations, which are admittedly engaged in interstate commerce. Public sentiment is far from having reached the conclusion that trusts and combines can be kept within lawful bounds only by bestowing on the national government the limitless authority it would have if Commissioner Garfield's suggestion were made a law.

BEN BUTLER VINDICATED.

If Benjamin F. Butler takes any interest in things here below he will have a chance to say, "I told you so," when he glances at New Orleans. During the time when he was in control of things in that town in the rebellion days he stumped yellow jack out so completely that it did not dare to sneak back until long after he left the town. He cleaned up New Orleans in 1862 as it has not been cleaned before since the days of Bienville. And not since Bienville's time was the town freer from yellow fever and other pests than he made it, says the Globe-Democrat.

Gen. Butler may or may not have had a line on the mosquito theory of infection. He made the Crescent City so clean, however, that a mosquito could not fly over it unless he brought his rations with him. There

was no feeding grounds for him left in that town when Butler's soldiers and laborers finished their work of cleansing, deodorizing and disinfecting. The mosquito remained away while Butler had his quarters there. He established a federal quarantine against the stegomyia compared with which the present barrier is as full of holes as any of Rojastevsky's ships.

There were many better generals on the firing line than Butler. He could not have conducted the march to the sea. The campaign which brought Leo to the Appomattox was beyond him. But he was a good military governor. He could and did enforce cleanliness and order. Against it will be made New Orleans one of the healthiest towns on the continent. He abolished the civil authority as a preliminary to abolishing the mosquitoes, the microbes and the miasmata which had been having that point for a breeding place and radiating center from the time the first hut was put up there back in the days when it was part of the patrimony of the "Grand Monarch."

COMING SENATORIAL FIGHT.

Chicago Tribune—Governor Deen and Senator Cullom have been endeavoring to get together on the governor's plan to "harmonize" the coming senatorial fight by pledging legislative candidates and abiding by the result of popular expression in the primaries next spring.

Among Cullom's friends even Lorimer advises him to accept the proposition to pledge the legislative candidates to abide by the popular expression in the primaries. That Lorimer advises him to make federal appointments in Cook county which will not offend the Deen organization is hardly probable.

Cullom's friends interpret the Deen proposal to mean that the federal patronage in Cook county shall be handed over to the Republican county organization, in return for which state patronage in Cullom counties will be handed to the Cullom organization. Deen's friends say this is not the intention of the proposition. They assert that they want merely to have a square deal and not to have federal patronage here given to their bitterest foes.

"I am making no canvass, and I do not want my friends to take a course that will in any way encourage factional differences in the party," Cullom is quoted as saying. "If this plan mentioned in the Tribune involves the settlement of the question by a primary vote of the entire state or in a majority of the senatorial districts then I am for it."

The senator's statement that he is making "no canvass" amuses his opponents, but Cullom explains it by saying that he does not intend to chase "in a rough and tumble fight from the Ohio river to the Wisconsin line begging for votes." He asserts his record is known and that it should be enough to re-elect him.

Governor Deen is expected to come to Chicago, although it is not certain yet that he will. If he does, his visit is not likely to have any political significance. He probably will be here only long enough to address the national reciprocity conference.

WINS AGAIN.

Oshkosh, Wis., Aug. 15.—The Glyndwr, representative of the Oshkosh Yacht club, won another heat in the inland lakes annual regatta to day, making two to her credit. The Alpha, of White Bear, was second, and the Winnebago, of Neenah, was third.

In the class "B" race, the Barracouta, of White Bear, which finished second yesterday, secured first place to day. The Frigate, yesterday's champion, finished third to day.

HEADQUARTERS MOVED.

Kansas City, Mo., Aug. 15.—At the meeting of the directors of the National Real Estate association to day it was decided to remove the headquarters from Des Moines, Iowa, to Kansas City. J. M. Jackson, of Kansas City, was elected president.

FAMINE IN SPAIN.

Cadiz, Spain, Aug. 15.—The famine which began last March has now reached the point of actual starvation throughout the fertile valley of Andalusia. Workmen are unable to secure food. They are too weak to work and are becoming desperate. Children are living on fir cones and fruit of wild cactus.

THE EAGLES.

Denver, Colo., Aug. 15.—President Pelletre reported at the grand aerle of Eagles to day that the membership gained 150,000 during the past year, making a total of nearly 200,000. The treasurer's report shows a balance of \$35,000.

DIED IN POVERTY.

Mr. and Mrs. Perry Cowger, of Jacksonville, spent Sunday with Mr. and Mrs. Samuel Darley.

The carpenters began work on Mrs. Rawlings' house Monday and Mr. Spencer is plastering Mr. Darley's house.

Elmer and Bert Wells spent a few days at Clear Lake fishing recently.

Mrs. Sylvanus Scott went to the Old Salem Chautauqua Tuesday. Sylvanus Scott was driving a young horse Saturday when a dog ran out and bit the horse, causing it to run away. It succeeded in demolishing two buggies, but no one was seriously hurt.

Saturday, Aug. 12 marked the sixteenth anniversary of the birth of Wm. Rawlings and his wife, desirous of celebrating the event suitably, invited about half a hundred of the relatives and friends to spend the evening with them. The weather was propitious and all enjoyed the occasion immensely. It is to be hoped that the event may be repeated many times.

Ruby and Marceline Cowger are visiting their cousin Hattie Scott.

Thomas Smith sold thirty-five hogs to Albert Gibson at \$5.70 on the 14th. Mr. and Mrs. William Gregory went to St. Louis Sunday to spend a week with relatives.

Joseph DeWitt, of Sangamon county, spent Sunday with his brother, Hugh DeWitt.

GOLF NOTES

The mid-season championship qualifying rounds will be played Wednesday and Thursday, beginning this afternoon at 2:30. The play will be for 18 holes, the lowest eight scores to qualify for the match play. This six high scores in the contest will constitute the woman's team. The tournament has been set for two days in the hope that more will be encouraged to participate.

BOARD OF THANKS.

Mr. and Mrs. H. Hering take this means of expressing their sincere thanks to all the friends and neighbors who so kindly assisted during the illness and after the death of their son, Charles.

The Molting Hen.

To help molting and tone up the whole system; add to each quart of the feed one tablespoonful of the following mixture: One ounce each carbonate of iron, pulverized gentian root, black antimony, mandrake, ginger and flour of sulphur; three ounces bicarbonate of soda, four ounces flaxseed meal. Start feeding this at the beginning of the molting season and use every other day until the fowls have their new feathers.—American Agriculturist.

Concerning Clover.

A bulletin of the Maine experiment station gives in detail the results of two years' study of red clover obtained from different parts of the world. It was found among other things that the European clovers were invariably smooth and free from hairs on stem and leaves while American clovers were invariably more or less hairy. This may be an important factor in relation to the dustiness of clover hay.

TRUE Before Mother's Friend is introduced.

The older the prospective mother be the more difficult the ordeal through which she must pass before she experiences the glory of the maternal state. This was true before

Mother's Friend

was introduced, but now tangible evidence in the shape of countless mothers of advanced years who have used it with entire success forces us to gladly refute the integrity of this statement. Old or young, the result is the same. It is simply indispensable during the parturient state, and absolutely invaluable at the crucial time.

For external massage, easy and simple to apply, wonderful in its effect, it surely is a living monument to the truth of that old adage, "What's in a name?" LODGE INSTALLED

Bluffs Lodge No. 609, K. of P. Begins Promising Career—Many Visiting Knights Assisted—Splendid Banquet.

Bluffs lodge No. 609 was installed with appropriate ceremonies Tuesday evening with the assistance of visiting knights from a number of cities of central Illinois. The work was given by Saladin lodge No. 48 of Winchester.

Thirty-four knights from this city went to Bluffs on the 7 o'clock train, and upon arrival a sumptuous banquet was served them in Quintal's opera house. The work of installation was done in Funk's hall. Thirty-seven members took the work and will be on the roll as charter members. Officers were elected as follows:

C. C.—Sylvester Allen.
V. C.—E. M. Burrus.
Prelate—F. C. Shore.
K. of R. & S.—E. L. Kendall.
M. of F.—E. A. Muehlhausen.
M. of W.—Dr. Edw. Canatsey.
M. at A.—Clarence McCaleb.
I. G.—C. W. Barlow.
O. G.—J. A. Hilderbrand.
Trustees—E. M. Burrus, N. J. Moore and S. E. Funk.

Past honors were voted to the C. C. and to the V. C., and also to S. E. Funk and N. J. Moore, trustees.

Among those who were present was Wm. A. Session, grand master at arms, of Jackson, Miss. White Hall, Pittsfield, Clayton, Mason City, Carrollton and Hannibal all had representatives present at the exercises.

At 12 o'clock another banquet was served in the opera house and 130 sat down to the three tables spread. The feast was prepared by the ladies of the M. E. church, and was without charge to the visitors. It was the general opinion of all who participated that it was the finest spread of any kind that they had ever enjoyed, and the ladies were given many compliments for their excellent work.

At the conclusion of the banquet F. C. Funk served as toastmaster, and Mayor John H. Davis, Robert Tilton, H. M. Ticknor and J. J. Reeve of this city, and Wm. Sessions of Jackson, Miss., gave short addresses.

Bluffs has promised to send a large class over to the D. O. K. K. ceremonial to be held in this city in the fall. The Jacksonville knights returned on the 1:20 train.

MATRIMONIAL

BYRNS-ESTES.

A simple but pretty wedding took place Tuesday afternoon at 5 o'clock, when Miss Mabel Estes, of this city, became the wife of Lemuel H. Byrns, of Scott's Mill, Brown county. The wedding took place at the home of Rev. C. A. Burton, 435 East College avenue, in the presence of a few relatives only.

A wedding supper was served at the home of E. E. McPhail, 544 Brooklyn avenue, immediately after the ceremony, and Mr. and Mrs. Byrns left over the Wabash at seven o'clock for their home in Scott's Mill, near Mt. Sterling, where the groom has already prepared a home.

The bride is the daughter of Mr. and Mrs. Charles Estes, of White Rock, South Dakota, but for the past two years has made her home in this city, during which time she has enjoyed the respect of a large circle of friends. She is a niece of Mrs. E. E. McPhail and J. S. Shepherd, of this city.

The groom is a progressive business man and proprietor of a general store in his home town.

Mrs. Clarence Dalton, of Murrayville, sister of the bride, attended the wedding.

THE BIRTH RECORD.

Born, to Mr. and Mrs. Arthur Renner, of Vermont, Ill., a son. Mrs. Renner was formerly Miss Mattie Chrisman, of Scott county.

Born to Mr. and Mrs. Frank Upp, a daughter.

NOTICE.

Dr. Edward Wharton will be absent from the city until Aug. 22.

POINTERS ABOUT BABIES.

Don't try to make a baby sit up till it does so of its own accord. It will do this without showing or teaching when its spine is strong enough.

Don't take young infants out in mail carts. They are very good for children over 3, but younger ones need a bassinet or perambulator.

Don't give young children pickles, condiments, strong tea or any kind of alcohol. Such things are very injurious to little ones. Don't leave bottles of medicine, liniments, disinfectants, or pills within reach of children.

Childish curiosity is a thing to be reckoned with, and even the fear of punishment will not deter them from sampling the contents of forbidden bottles or boxes. Don't give children medicine that has been ordered for grown-up. This is always dangerous, as what has only a very mild effect upon the system of an adult is sufficient to upset a child for weeks afterward.

F. O. E. meeting to night.

LEGS OUT OFF.

Robert Sayers had both legs cut off just below the knees at Tallula Tuesday night by Alton train No. 23, which arrives in this city at 2:24 p. m. The young man tried to board the train after it had left the depot and was thrown under the wheels. He is a resident of Tallula and is well known there. Tallula surgeons have the case in charge and entertain hopes of saving his life.

ANNUAL BURGEOO AND FISH FRY

Nortonville Entertains Hundreds—Athletic Events—Zion Picnic—Shiloh Chicken Fry Draws Large Crowd.

The fish fry and burgoo held in the park at Nortonville Tuesday was a grand success in every particular. Hundreds were in attendance from all parts of the county, and nothing was lacking in point of crowd or entertainment to make the event a memorable one. Abundant provision was also made for the inner man, and if anybody went hungry it was his own fault. A number drove out from this city, and all report a good time.

The soup kettles were in charge of Thomas Henry, who was ably assisted by Lon McNeilly. About 300 gallons of excellent burgoo was consumed during the day. The popular concoction proved more popular than ever, and the article prepared by Mr. Henry was of more than ordinary savor.

The fish fry department of the picnic was under the direct supervision of Abe Wade, of Meredosia, and James Henry was the chief helper. Enormous quantities were disposed of, 400 pounds being either eaten on the grounds or carried home by the visitors.

The Ceres String Band furnished music for the occasion, and was heard with pleasure in a number of selections.

One of the most interesting events on the program was the baby show. The first prize for the best looking boy under 1 year was won by Irvin Crain, who also won the prize for being the best looking boy or girl baby of any age. The judge was Charles R. Knollenberg, of this city.

The athletic and other contests were in charge of Lon Mansfield, Jacob Marrs and Samuel Bull. Prizes were won as follows:

High kick, R. D. Sheppard.

Ugliest lady on the grounds, Mrs. James Henry.

Tug of war, Nortonville against the world, won by Nortonville.

Fat men's race, Lon Stansfield.

Old men's race, Wm. Kelly.

Pole vault for boys under 16, R. D. Sheppard.

Foot race, 100 yards, Mr. Hindman.

In the horse show the prizes went as follows:

Best saddle horse, S. Paul.

Best single driver, R. D. Sheppard, Woodson.

Best gentleman driver, Charles H. Story.

Best Span of mules, E. M. Jennings, Murrayville.

The general committee in charge of the picnic consisted of the following: Edgar Whitlock, chairman; James O. Hull, M. C. Sheppard, Robert Anderson, Samuel Bull, Lon Mansfield, Jacob Morris and Harry Seymour.

The Zion picnic was well attended and a success in every respect. The program was well rendered. Rev. N. M. Jones of Roodhouse delivered an able address and good music was furnished by a string band. The following were the winners in the various contests and the prizes.

Prettiest baby, Amos Dobson; gold ring by J. A. Carlson.

Prettiest little girl, Bessie Ren; child's desk—John Thompson.

Best looking young lady, Edna Bracewell; pair of gloves—J. W. James.

Boys' race, under 16 years, Frank Wallis; necktie—A. H. Kennedy.

Boys' free-for-all race, Henry Dean; pocket knife—C. H. Story.

Married men's race, John Covey; pocket knife—John Tenfick.

Best lady driver, Miss Ada Simpson; set of knives and forks—C. D. Irlam.

Second best lady driver, Mrs. Anna Strawmat; box writing paper—W. A. Wesner.

Best single driver, Herbert Riggs; pair of horse shoes—Jesse Dunnaway.

Best driving team, H. M. Shupley; buggy whip—Colton & Baxter.

Best carriage team, Edgar Whitlock; buggy whip—W. B. Wright.

SHILOH CHICKEN FRY.

The annual chicken and fish fry of the Shiloh church north east of the city was largely attended, hundreds driving out from the city and vicinity. The supper was served across the road from the church under a large tent, and the accommodations were ample, although the force of waiters was taxed to the utmost to keep the hosts satisfied. Great quantities of chicken, fish and the usual accessories were eagerly consumed. It is said that 304 chickens were used for the event.

COHEN OUT OF JAIL

But Goes Back Again After Testimony Before the Referee in Bankruptcy—Spends His Time Smoking.

Springfield News.—Jacob Cohen, the bankrupt Jacksonville junk dealer, who is in jail until he pays \$55,000 into the United States district court, was given a breath of fresh air this morning. He was wanted in the office of Referee in Bankruptcy Robinson to testify as to the value of his wife's property, and the officers escorted him from the jail to the referee's office on Sixth and Monroe streets. He seemed grateful for the few minutes allowed him out of prison.

Life is telling on the sleek and well-fed junk dealer. He takes it philosophically, however. "I smoke all the time," he said, when asked how he was getting along. "I haven't anything else to do and I have to do something."

He still declares emphatically that he has no money to meet the demands of the court and that the sentence is unjust. He holds to the gambling story that he has told throughout the lengthy trial since he suddenly announced to his creditors that he had failed for \$160,000.

After his testimony was in he went back to the jail and his cigars.

DEATH RECORD

PERKINS.

Mrs. Josiah Perkins died at her home in Winchester Tuesday morning after an illness of several months duration. The deceased was highly respected in the locality in which she lived and was well known in this city, where she has numerous relatives. She is survived by four daughters, Mrs. Ida Barhart of Winchester, Mrs. Kate Haselrigg of Decatur, Mrs. Emma Little of Winchester and Mrs. Anna Sheppard of Woodson, and two sons, Abner and Daniel Perkins, both residing in Winchester. Her mother, Mrs. Elizabeth Hopper of Winchester, three brothers and four sisters also survive. Mrs. M. E. Burke, a sister of this city, will attend the funeral.

FUNERALS

SMITH.

The funeral of Georgia May Smith was conducted from the residence of Mrs. Cooper on South Clay avenue Tuesday afternoon at 2:30 o'clock. Rev. J. W. Kirk officiating. Music was furnished by Misses Ollie Spencer, Laura Nelson, Victoria Spencer and Ollie Clark, and the floral tributes were cared for by Mrs. Katie Rhodes, Mrs. Nellie Washington and Mrs. Lydia M. Johnson.

At the conclusion of the services at the house the remains were interred in Jacksonville cemetery. There were no bearers.

FUNERAL NOTICE

The remains of John Stigall arrived from Kansas Tuesday morning and were taken to the residence of Samuel Boston, east of the city, where the funeral services will be held this morning at 9:30 o'clock. Rev. Nathan English will have charge, and interment will be in Hebron cemetery.

GOLDEN WEDDING

Mr. and Mrs. John T. Springer Celebrated Their Fiftieth Wedding Anniversary Monday at a Quiet Family Gathering.

On Monday, Aug. 14, 1905, Hon. John T. Springer and wife celebrated the fiftieth anniversary of their wedding by having a dinner, at which their son, Hon. John W. Springer, of Denver; their daughter, Mrs. Edward M. Kinnaman, of this city, and their granddaughter, Miss Nellie Singleton, of Denver, together with other relatives of the family, were present. Several gifts suitable to such an occasion were presented, and all thoroughly enjoyed the stories told of the years gone.

Mr. and Mrs. Springer have resided in Jacksonville during the half century and tell many interesting reminiscences of the growth of this now beautiful city. They have buried one daughter in infancy, and another daughter, Mrs. Lulu Singleton, in 1891. Their son, John, is now a prominent resident of the west and vice president of the Continental Trust Co., of Denver, and largely connected with the stock industry of the United States. The many friends of this estimable couple who have spent their lives in this county wish them continued health and prosperity.

JUMP MOVING TRAIN

Body of Benjamin Bradac Horribly Mangled—Was Employed at C. P. & St. L. Shops—Accident Occurred at Carlinville.

Benjamin Bradac, who has been employed in the C. P. & St. L. shops in this city for the past five months, was instantly killed in Carlinville Monday evening at 7:30 o'clock by No. 50, the Alton Capital Flyer. He left this city Monday via the Wabash at 3:15 o'clock for Springfield, where he boarded an Alton train for his home in Carlinville. He went to the station to meet a friend who was expected to arrive on the Capital Flyer, but as the person did not get off the train he boarded the steps of the next to the last car to ride to the West Main street crossing, where he jumped off. When he stepped from the car his foot caught in a frog and he was thrown under the wheels of the moving train. The back of his head just behind the ears was cut open; his right arm was severed just below the elbow, his left hand was mashed into a jelly and his body was terribly bruised. The remains were immediately picked up and taken to the home of his father, Bernard Bradac, who is the flagman at the West Main street crossing.

The decedent was born March 27, 1879, and was killed on the same day on which his mother died 5 years ago. He had been engaged in railroad work for some time and was loved and respected by all who knew him.

He is survived by his father, Bernard Bradac, of Carlinville, two brothers, Frank, of Athens and C. J. Bradac, agent for the C. P. & St. L. of this city.

Three sisters also survive as follows: Mrs. Effie Stenzle, Mrs. Anna Boente and Mrs. Barbara Beesly, all of Carlinville. C. J. Bradac and family departed Tuesday via the Burlington for Carlinville to attend the funeral which will probably be held to day.

AT THE GRAND.

The Century Stock company presented as their bill at the Grand Tuesday evening a melodrama entitled "A Russian Spy." A small but enthusiastic audience was present. Frederic Rella played the part of the Japanese general and was well received. The entire cast gave an excellent interpretation of their lines and they deserved a larger house. The specialties also pleased. A comedy entitled "Deadwood Dick" will be staged to night.
